EDUCATION

Conestoga College – 2018-2021
Software Engineering Technology

London Christian High – 2012-2016
Student Council Treasurer

WORK EXPERIENCE

Total Property Control – Assistant Field Tech
May 2020 – July 2020

Assisted the field tech with installation of security systems, mounting cameras, and running network wire

Phil's Grandsons Place – Security Guard
Sept 2019 – March 2020

Watched for intoxication, removed intoxicated and unruly patrons, ensure customers pay entry fee and monitor the point of entry to the building

Tim Hortons – Team Member
Sept 2017– Nov 2018

Obtained and filled orders from walk in customers, provide quality customer service, and cash handling

PROJECTS

IMDJ – Virtual Concert Experience Capstone Project

We created a VR concert experience you could attend through a VR headset and watch as someone performs a live concert in the VR space. Build with Unity. It will be presented to an international panel of judges on April 29th

Personal Website – jasonkassies.dev

I built a website to have as an online portfolio and resume as well as show a little about my personality
